

## REQUEST FOR REFUND OF MULTIPLE GMO MEMBERSHIP DUES

A portion of GMO dues that you pay goes to USDF. If you are a member of more than one GMO, you can request a refund of the USDF portion of GMO dues paid for additional GMOs that you join. (Limit three.) You must designate your primary GMO and can not request a refund for that GMO. If you request a refund for any additional GMOs, your membership will no longer be considered in that GMO's membership count when determining the number of voting delegates that your GMO is entitled to at the Board of Governors (BOG) meeting at the USDF

Annual Convention. By completing this form, you are confirming that you understand that your refund request could potentially effect GMO delegate numbers for GMOs for which you requested a refund.

Refunds may only be requested from April 1 through August 1 of the current GMO year. Once this form is received in the USDF office the refund process can take several weeks. *Forms not filled out completely and/or signed will not be processed.*
